WHAT IS THE APPLICATION PROCESS?
To apply for emergency financial assistance, call or go to the website for the Core Service Agency that serves your area of the County (see table on page 2). They will provide you with an overview of the process to submit an application, what information is needed about your household and current situation, and which additional documents are required. Please note that many of the Core Service Agencies offer an online application option, for faster response. Upon request, a paper application can be sent to your home.

Please include with your application as many of the required documents as possible. These documents are a critical part of the application process to verify eligibility. Applications that include the required documents can be reviewed much faster than applications without the documents.

WHAT DOCUMENTS ARE REQUIRED TO BE SENT WITH MY APPLICATION?

- **Financial resources**
  - If anyone in the household is currently employed, verification of income within the past 30 days (recent paycheck stubs or other employment income verification)
  - If anyone in the household has other, non-employment income, verification of those income sources (such as EDD/unemployment, CalWORKs, child support, Social Security income)
  - Verification of a reduction of hours or loss of income due to COVID-19 (employer lay-off letter, notice of business closure)
  - Copies of current month’s or last month’s bank statements (1st page that lists summary of accounts)

- **Housing information**
  - Copy of your rental agreement, lease, sub-lease, or room rental document

- **Identification**
  - An identification document for each member of the household (Driver’s License, passport, permanent resident card, school ID, or other document)
  - If identification documents are not available for children in the household, the Core Service Agencies may be able to waive this requirement for the children
  - Note: these documents are utilized to verify identity; they are not utilized for citizenship or residency information, as there is no eligibility criteria related to citizenship or residency

- **Verification of need**
  - Statement from landlord on how much is owed, eviction notice, notice of delinquent rent, 3 day pay or quit

If you are not able to provide all of the documents at the time of application submission, you can still submit your initial application, but please continue to gather any outstanding documents, as the Core Service Agency assisting you will be required to gather these from you prior to moving your application forward in the review process. Core Service Agencies may request additional documentation depending on the circumstances of the applicant and what assistance is being requested. Please contact the Core Service Agency if you have any questions about the required documents.

WHAT TYPE OF ASSISTANCE CAN I APPLY FOR? Emergency Financial Assistance can be requested to help pay for emergency needs, based on eligibility criteria and funding availability, including rent, deposit or mortgage assistance, utility arrears or deposits, transportation assistance such as car repair or registration if linked to critical needs, or other essential needs, such as medical expenses, as determined on a case by case basis.

**Funds are limited** and will be distributed based on eligibility and funding availability, through the Emergency Financial Assistance programs at the Core Service Agencies, including a new COVID-19 Emergency Financial Assistance program.
For applicants who are eligible, whether or not they receive assistance and if they do, what amount of assistance they receive, is dependent on factors such as their household’s income, resources, and need, and on the availability of funding, as funding is limited. **Note:** Payments are not given directly to applicants and instead will be made to third parties, such as a landlord, on behalf of approved applicants.

**WHAT ARE THE ELIGIBILITY REQUIREMENTS FOR THE NEW COVID-19 EMERGENCY FINANCIAL ASSISTANCE?** To be eligible to be considered for emergency financial assistance, an individual or household must meet all the following criteria and provide the requested documentation about their household’s financial and housing situation in order to support their application and be considered for funding:

- Be a San Mateo County resident; and
- Demonstrate financial hardship resulting from COVID-19 that makes it unable for your household to pay for basic needs, such as proof of reduction in income; and
- Show proof of household income within the past 30 days at or below the income eligibility threshold (60% of Area Median Income, for example $73,080 for a household of 1, $93,960 for a household of 3); and
- Demonstrate financial need such as a letter for past due rent from a landlord, past due utility or medical bills, emergency car repair or vehicle registration which if not addressed would create hardship for the household; and
- Ability to maintain housing/have a plan in place to maintain housing which will be determined on a case by case basis.

**Note:** All residents who meet the eligibility requirements, regardless of citizenship or documentation status may apply.

**WHO CAN I CONTACT FOR MORE INFORMATION?** Contact the Core Service Agency that serves your area for more information. Contacting by phone is the preferred method at this time, if possible.
