

CalVet's College Tuition Fee Waiver

APRIL 2019

High School graduations are just around the corner and County of San Mateo veterans can get a little assistance in covering the cost of sending their children to a California college thanks to the help of the College Tuition Fee Waiver program. This California State benefit provided by CalVet waives mandatory system-wide tuition and fees at any State of California institution of higher learning. These institutions include any college in the University of California, California State Universities and community college systems. There are several plans under the College Tuition Fee Waiver program, but the most commonly used is Plan B. This plan entitles the children – natural, adopted and step children – of disabled veterans at any percentage (0% to 100%) for a waiver of most of the fees (also referred to as tuition) at the aforementioned institutions of higher learning. Not the entire fee package is waived, but this program usually waives about 90 percent of the fees. This program does not cover the expense of books, housing or parking. Plan B includes the dependent children of a veteran who has a service-connected disability or had a serviceconnected disability at the time of death, or died of serviceconnected causes. There is no requirement of war time service for the veteran and no age limit for the child of the veteran.

There are income restrictions. The child's annual income, which includes the child's adjusted gross income and the value of support provided by the parent, may not exceed the "annual income limit." This limit is announced every year as the national poverty level. This year it is \$13,064.00. The basic requirement for this benefit is that the veteran must provide proof of the service-connected disability. This is usually done with the Veterans Administration award letter.

The applicant must fill out the DVS-40 form that can be obtained at the link below or by visiting our office at 550 Quarry Rd. in San Carlos:

<https://www.calvet.ca.gov/VetServices/Pages/College-Fee-Waiver.aspx>

There are four plans your child or spouse may qualify under. For more information and how to apply, visit our office.
